TRIBUTE TO KATHY SNYDER

HON. JON RUNYAN

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, January 29, 2014

Mr. RUNYAN. Mr. Speaker, I stand here today deeply saddened by the recent news of the passing of Kathy Snyder, a long-time teacher and coach at Southern Regional High School in Manahawkin, New Jersey. Kathy devoted her entire professional life to the students of Southern Regional, and was beloved by everyone throughout the community.

Kathy, a breast cancer survivor, began teaching physical education at Southern Regional in 1977 and coached both the girl's varsity basketball and field hockey teams. Before she passed away, Kathy was in the midst of her 35th season coaching the girl's basketball team, and had hit the 500-win milestone in 2010. On the field hockey field, Snyder won more than 300 games and was named The Press Coach of the Year in 2011.

Kathy was a resilient, competitive coach who fought for women's equality in sports, and it was she who helped pave the way for the thousands of female athletes who competed in the Shore Conference. Kathy's colleagues, students and athletes loved and respected her as a coach, role model, and friend.

Mrs. Snyder was a legend at Southern Regional High School and my thoughts and prayers go out to her family and friends. Kathy is survived by her husband Ken, three children—Brandon, Erin and Morgan, and granddaughter, Waverly. This is a devastating loss for the Southern Regional community.

Mr. Speaker, I urge my colleagues to join me in remembering the amazing life and legacy of Mrs. Kathy Snyder.

RECOGNIZING THE 13TH ANNUAL
NATIONAL MENTORING MONTH

HON. SHEILA JACKSON LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, January 29, 2014

Ms. JACKSON LEE. Mr. Speaker, I rise to speak on the importance of recognizing January as National Mentoring Month. Since 2002, National Mentoring Month has served as an opportunity for our country to reflect on the benefits of youth mentoring and to highlight the positive impact it has on the development of our youth.

The theme of this year's mentoring month is "Mentoring Works"! It allows us to proudly and openly discuss mentoring as a vital academic and social development strategy for our youth.

The fact is that in many regions mentoring helps young people achieve academic success; it also serves to help young people make responsible decisions for their futures.

According to a recent report released by MENTOR: the National Mentoring Partnership, some of the benefits of mentoring include:

The creation of higher educational goals. It is more likely for a youth with a mentor to attend college than for a youth without a mentor.

Participation in productive and beneficial activities. It is more likely for youth with mentors to engage in leadership positions, extra-curricular activities and sports, and community service than youth without mentors.

Another added benefit of mentoring is Upward Mobility. Integrated with other national initiatives, mentoring has the capacity to reduce poverty and increase the economic mobility of young people.

NATIONAL

Youth report that formal mentoring programs provide a variety of benefits, and most com-

monly offer that they receive advice about school, get help with school issues and/or schoolwork. They also make reference to receiving help to address life problems, assistance in getting a job, choosing a career and getting into college.

Youth in informal mentoring relationships commonly offer that their mentors provided developmental, more than academic, support.

Mentoring does not only provide immediate positive effects for young people in our community, but it also fosters growth and a continuation of this type of leadership.

Nearly nine in ten respondents who were mentored report they are interested in becoming mentors. In addition to confirming the value of mentoring, this desire to become a mentor also strengthens the earlier finding that mentoring is linked with higher rates of leadership and volunteering and offers a pool of future mentors to be activated.

HOUSTON

In Houston, the Boys and Girls Club is a wonderful medium for mentoring.

The club works on supporting youth to become life-long learners by emphasizing academic success and setting goals of higher education. By providing access to tools and technology, this organization also prepares our youth for the 21st century.

Career development through literacy and tutoring is stressed as well as cultural awareness, creativity, the arts, and photography to ensure well-rounded knowledge.

This broad reaching mentoring program has yielded incredible measurable results:

Club members graduate from high school at a rate of 87 percent compared to the national average of 66 percent.

They finish college at a rate of 25 percent, exceeding the national average of 16 percent.

And they show an overall improvement of 12 percent in their grades at school.

Although we know that mentoring provides all these great benefits, 1 in 3 young people in the United States are still without a mentor. Therefore, in acknowledgement of these benefits, and in an effort to raise awareness and participation, I would like to commend all of the mentoring organizations that exist nationwide and especially those within the 18th district of Texas.

Therefore, I join the National Mentoring Month initiative to encourage local mentoring programs and organizations to plan activities in our communities that increase mentoring efforts.

HON. ROSA L. DeLAURO

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Wednesday, January 29, 2014

NO TAXPAYER FUNDING FOR
ABORTION AND ABORTION IN-
SURANCE FULL DISCLOSURE
ACT OF 2014

SPEECH OF

HON. MADELEINE Z. BORDALLO

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

Tuesday, January 28, 2014

Ms. BORDALLO. Madam Speaker, I rise in support of H.R. 7, the No Taxpayer Funding for Abortion Act. This bill specifically prohibits the expenditure of Federal funds for any abortion, and clarifies that no federal funds can be used for any health benefits coverage that includes coverage for abortions. While I believe that the Stupak amendment to the health care reform legislation codified the Hyde amendment, I believe that this bill provides extra measures to ensure Federal funds are not used for abortion.

As a society, I believe that we have a responsibility to safeguard the lives of those who are unable to protect themselves. H.R. 7 takes important steps to limiting the instances where the rights of the unborn are violated. This bill ensures that no public funding is used to pay for health care plans that include abortion coverage, and it restricts tax credits from applying to health care plans that include abortion coverage in its benefits package.

The bill does make important exemptions to these prohibitions that protect the health of mothers. The prohibitions will not apply to pregnancies that result from rape or incest or in instances where a mother's life is in danger. I believe that these exemptions provide a good balance in ensuring human life is respected.

As a strong and consistent prolife supporter, I believe that our government has an obligation to protect the lives of our country's most vulnerable citizens. I strongly support H.R. 7 and I urge my colleagues to pass this bill.

Mr. PALAZZO. Mr. Speaker, I rise today to recognize the hard work and unparalleled service of Ms. Myron Webb, a 28-year NASA veteran who devoted her time at the agency to Stennis Space Center, and was recently awarded the prestigious NASA Distinguished Service Medal.

The success of Stennis Space Center is inseparable from the leadership and service of Myron Webb. Her extraordinary contributions to NASA and Mississippi deserve this highest recognition of the Distinguished Service Medal. Myron, on behalf of the United States Congress, I thank you for your remarkable contributions to our national space program.

HONORING THE LIFE OF STEVE
PILIBOS

HON. JIM COSTA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, January 29, 2014

Mr. COSTA. Mr. Speaker, I rise today to honor the life of Steve Pilibos who lived a long and fulfilling life of 102 years. Steve was a pillar in the community, and his support, dedication, and commitment to the success of the Central Valley region will be greatly missed.

Steve grew up in Fresno, California and was the youngest of six children. His parents, Yeprem and Mary, were first generation immigrants from the Ottoman Empire. Growing up in an immigrant family with five siblings, Steve quickly developed fundamental values and principles. Most everyone would agree that Steve was an extremely courteous and fair businessman. He understood the importance of treating others with respect, compassion, and consideration.

From a young age, Steve recognized the significance of hard work. As an adolescent, Steve would sell produce to local businesses before school each day. Prior to Steve becoming a successful entrepreneur, he earned degrees in philosophy and poetry from Fresno State College, and he continued his education at the University of Southern California where he earned his law degree.

In the 1950s, Steve and his older brother, Alex, began what would soon become one of the largest cantaloupe operations in California. They experimented with new varieties of melon seeds from Syria, and ultimately produced a sweet melon with a thinner rind and smaller seed cavity that quickly became popular.

In addition to his contributions to the agriculture industry, Steve worked tirelessly to redevelop the City of Fresno's downtown. He opened the Hilton Hotel in the heart of downtown. Steve hosted many famous singers and bands, and it was a place where people wanted to be. Steve made many investments in downtown Fresno, but he also established developments throughout the entire city.

In 1949, Steve married the love of his life, Lucille. They raised five children: Sarah, Catherine, Barbara, Mary, and Alex. Steve valued spending time with his family and enjoyed reciting poetry to his children. He had a love for the outdoors and would spend his free time hunting or horseback riding. Steve's children, six grandchildren, relatives, and friends have an outstanding role model that they will hold in their hearts forever.

Mr. Speaker, it is with great respect that I ask my colleagues in the House of Representatives to honor the life of Steve Pilibos. His presence will be greatly missed, but his legacy will surely live on in the City of Fresno.

SUPPORT FOR THE CIRCASSIAN
PEOPLE

HON. BILL PASCRELL, JR.

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, January 29, 2014

Mr. PASCRELL. Mr. Speaker, I rise today to express my deep concerns regarding the Sochi Olympics. A number of issues have been raised regarding the misguided decision to host the 2014 Olympics in Sochi, from LGBT rights to the real threat of terrorism. However, I would like to discuss an issue which has not received the same level of attention: the historical mistreatment of the Circassian people by Russia.

The Circassians are an ethnic group originating in the North Caucasus region. Sochi is located in the historical nation of Circassia, which was conquered by the Russian Empire in a series of wars during the 18th and 19th centuries. In fact, Sochi served as the last capitol of Circassia.

Following their defeat in 1864, 90 percent of the Circassian population was forcibly deported or killed and Circassia was annexed by Russia. Hundreds of thousands of Circassians were exiled from their homeland, never to return.

Millions of Circassians are now spread around the world in diaspora communities, while only about 700,000 Circassians remain within their ancestral homeland, now a part of the Russian Federation.

Given this history, it is deeply disrespectful to the Circassian community for the Russian government to use Sochi as a stage to promote themselves to the world. Although I condemn the decision to hold the Olympics in Sochi, this year's Winter Olympics present the opportunity to raise the world's awareness of the historical injustices perpetrated by Russia against the Circassian people and homeland.

Today, Circassians worldwide strive to achieve the right of return to their homeland, and seek to gain self-determination and a revival of their language and culture. I am proud to represent a large and active Circassian-American community within New Jersey's Ninth Congressional District.

Colleagues, I urge you to join me in condemning the Sochi Olympics and celebrating the contributions of the Circassian people to the United States of America.
